For insertion in Brides Magazine, Advertorial on Wedding Favors - May/June issue

### **COPY**

#### **Wedding Cupcake Soaps that are 'Sweet-N-Classy'**

If you are looking for an elegant and sophisticated gift for your friends with a little quirky twist to make them smile look no further. I can custom design my stylish and fun little soaps to match a theme, colour, scent, the dress, flowers even your wedding cake. All I need is 4 weeks to design, make, decorate and wrap your unique wedding favors and deliver them directly to you.

Cupcakes are fun, they make you feel special and cupcakes like mine, filled with fantastic skin loving ingredients, make the most talked about, romantic gift ever - what could be better for your very special day?

#### **Editors Notes**

Naturally Made Soaps is an unique new small business hand making wonderful natural soap Inspired by nature using the traditional cold process methods and ingredients from both England and Portugal.

The recipes are the creation of owner Ishbel Ramsay and are inspired by the contrasting nature of her two favourite places - lush, green Devon and the stunning mountains of Northern Portugal. Ishbel uses natural ingredients including flowers and spices, many

sourced and grown by herself. This unique fusion of two countries and the natural soap making products they both provide is a first.

Soap ingredients abound in both Devon and Portugal, think of roses, English lavender, sea salt, goats milk, oranges and lemons, olive oil and eucalyptus to mention just a few. Naturally Made Soaps aim to share this rich, joint bounty and in doing so give its users the chance to experience why these two places are so special to Ishbel and her family.

Naturally Made Soaps products are available to those wanting something a little different, this ensures that specific requirements can be incorporated into the designs and recipes making the soap truly unique, a fantastic bathing experience.
